

SECTION 10425

SIGNS

PART 1 – DESIGN DIRECTIVE

1.1 SUMMARY

- A. It is the College's intent to be able to reproduce building signage using the Dartmouth College sign shop equipment. This is the basis of the requirements of this section.

1.2 DESIGN CRITERIA

- A. All signs shall meet current applicable ADA requirements.
- B. Room signs shall be composite plastic base with raised composite plastic letters with Braille letters.
- C. Font and symbol types shall be ADA compliant.
 - 1. Sign supplier shall confer with Dartmouth College Sign Shop to confirm the shop has the same font/symbol proposed for the project. When the proposed font/symbol is unique to DC, the sign supplier shall include the necessary software and rights for the DC sign shop to use the proposed font/symbol.
- D. The sign shall list only the room number, not the room use or individual's name or title. The following exceptions apply:
 - 1. Identification signs that have slots for insertable name tags.
 - 2. Rooms that are highly unlikely to change use, such as rest rooms, elevator machine rooms, mechanical rooms, etc. shall have the room use identified.
- E. Signs shall be uniform in size. Room identification signs shall be 6" x 6", rest room signs shall be 5" x 7".

PART 2 PRODUCTS

2.1 MATERIALS

- A. Color shall be selected from manufacturer's offering of standards colors.
- B. Manufacturers:
 - 1. Gravo-Tec manufactured by Gravograph New Hermes

PART 3 EXECUTION

3.1 SIGN INSTALLATION

- A. All interior signs shall be mechanically fastened to finished surfaces with double face tape.
