The screenshot shows the AAMC website's navigation bar with links for AAMC.ORG, STUDENTS & RESIDENTS, CAREERS IN MEDICINE (CIM), and AAMC STORE. A search bar is located on the right. Below the navigation is the AAMC logo and the text 'Students & Residents'. A menu of categories is displayed, with 'Applying to Medical School' selected. The breadcrumb trail reads: Home / Applying to Medical School / Understanding the Process / Applying to Medical School with AMCAS®.

Applying to Medical School with AMCAS®

The American Medical College Application Service® (AMCAS®) is the AAMC's centralized medical school application processing service. Most U.S. medical schools use AMCAS as the primary application method for their first-year entering classes.

2024 AMCAS® Updates and FAQs

Learn about what's new in the 2024 AMCAS application and the background to some of the application changes.

2024 AMCAS® Application

2024 Application Dates

Date*	Event
April 3	2024 AMCAS resources available
May 2	AMCAS application opens
May 30	AMCAS application submission begins
June 30	Initial transmission of application data to medical schools
August 1	Early Decision Program deadline
Sept.-Dec.	Application deadlines

*Dates subject to change

Application Deadlines

- Application must be submitted by 11:59 p.m. ET of the deadline date
- Transcript deadlines must be received by AMCAS within 14 calendar days of the application deadline date
- Must be received by August 1 for early decision applicants
- Visit www.aamc.org/amcasdeadlines

Dartmouth: Regarding Submission Timeline and Transcripts

- We know there is lots of pressure about “applying early.”
- Must strike balance between very early ***and quality of application.***
- Wait for Spring Transcript? We understand why compelling to submit beforehand. FYI: some admissions have shared their recommendations for complete transcript though AMCAS allows submission w/out. *Especially consider waiting however if moving in upward trajectory.*
 - Spring transcripts tend to come out approx. June 15.
- **For TMDSAS you are required to wait for Spring transcripts to submit.**
 - <https://www.tmdsas.com/application-guide/coursework.html>
- When requesting transcript through Dartmouth registrar you *can* ask them to “hold for Spring grades.”
- FYI: If you submit before Spring grades, they will not get added to AMCAS’ final GPA.
- Again, ***quality of writing is very important!***

Dartmouth: Regarding Submission Timeline and Transcripts

ORDERING OFFICIAL TRANSCRIPTS!

- *YOU need an official transcript in your own hands when inputting courses to make sure what you input matches*
- AMCAS (or any other application service) needs Official Transcripts from Dartmouth and any other post-secondary school you've taken classes at.
- You will order directly from the Dartmouth Registrar site (and any other school you've taken classes at) and have them send your official transcript directly to AMCAS (or other service).
- *You will run off a "transcript request form" on the AMCAS site—only to share w registrar. you just need it so that registrar can match your transcript to your account.*

Advisor Release

The school-designated advisor(s) have met AMCAS-established requirements and are bound by confidentiality. Information transferred includes your personal/demographic information, work/activity information, credit hours, MCAT scores, GPAs, the names and types of your recommenders, the names of any other schools you have attended, the medical schools to which you have applied and what action those schools have taken, and the status of your application with AMCAS. Additionally, if you applied for fee assistance through the AAMC Fee Assistance Program, and in your fee assistance application agreed to release award information to your health professions advisor this information will be made available along with your application information.

Do you authorize AMCAS to release your application information to the school-designated advisor(s) at this institution? *

Transcript Request

Note: One official transcript is required from each U.S., U.S. Territorial, or Canadian post-secondary institution at which you have attempted course work, regardless of whether credit was earned.

If you click Yes, you must have an official transcript sent to AMCAS by the Registrar's Office of the institution.

If you click No, this means that you are submitting a Transcript Exception Request and does not preclude you from transcript requirements. AMCAS will review your request and notify you if your Transcript Exception is not granted. This may result in delays for processing your application.

Does AMCAS require an official transcript from this school? Generally, a transcript is required. [Please review this additional information](#) if you need assistance in determining if a transcript is required.*

Yes

No

Study Abroad? Transfer Term? Do I, or Don't I, need an additional transcript?

If the study abroad was sponsored by a US or Canadian school, you will:

List the domestic school that sponsored you

List the study abroad (“foreign” institution)

If the study abroad was led by, for instance, Dartmouth faculty, but *not* affiliated with a “foreign institution:

First entry: List the domestic institutions traditional name

Second entry: Your school’s name again; then “study abroad” then city. (Example: “Dartmouth– Study Abroad – Costa Rica”)

What about Transcripts?

If the study abroad was sponsored by a US or Canadian school:

No separate transcript is necessary beyond that of the sponsoring school. IE: for a Dartmouth FSP, you only need your Dartmouth transcript, and you will choose NO for the question: “Does AMCAS require an official transcript from this school?” This triggers a TRANSCRIPT EXCEPTION. What’s the CLEAR SIGN that you will check NO in that case? *Your Dartmouth transcript SHOWS the GRADES of the foreign or domestic program*

What about entering Courses?

You DO enter the study abroad courses in this section, but you use your domestic (usually Dartmouth) school’s transcript and enter as you would other course work (next section)

What about transferred courses from an Off-term exchange sponsored by another Institution?

This DOES require a separate transcript and will be included under that school attended section.

How do you know for sure? The credits are transferred to your Dartmouth transcript but NO grades are listed.

Other Impactful Experiences

To provide some additional context around each individual's application, admissions committees are interested in learning more about the challenges applicants may have overcome in life. The following question is designed to give you the opportunity to provide additional information about yourself that is not easily captured in the rest of the application.

Please consider whether this question applies to you. Medical schools do not expect all applicants to answer "yes" to this question. This question is intended for applicants who have overcome major challenges or obstacles. Some applicants may not have experiences that are relevant to this question. Other applicants may not feel comfortable sharing personal information in their application.

Have you overcome challenges or obstacles in your life that you would like to describe in more detail? This could include lived experiences related to your family background, financial background, community setting, educational experiences, and/or other life circumstances.*

How should I know if I should answer "Yes" to this question?

- Yes
- No

Other Impactful Experiences Description

The following examples can help you decide whether you should respond "yes" to the question, and if so, what kinds of experiences you could share. Please keep in mind that this is not a fully inclusive list and any experiences you choose to write about should be ones that directly impacted your life opportunities.

Example Experiences

- Family background:** serving as a caretaker of a family member (e.g., siblings, parent/guardian), first generation to college.
- Community setting:** rural area, food scarcity, high poverty or crime rate, lack of access to regular healthcare (e.g., primarily used urgent care clinics or emergency room, no primary care physician).
- Financial background:** low-income family, worked to support family growing up, work-study to pay for college, federal or state financial support.
- Educational experience:** limited educational opportunities, limited access to advisors or counselors who were knowledgeable/supportive of higher education requirements.
- Other general life circumstances** that were beyond your control and impacted your life and/or presented barriers.

Writing Instructions

- Select the most impactful experiences.** Describe the challenge(s) or hardship(s) you consider most impactful in your life.
- Write about how experiences impacted your life.** Write about any topics you deem important to discuss, including information that might be mentioned elsewhere in your application (e.g., your personal statement). You can use the space provided in this question to further elaborate on those topics, if desired.
- Use a narrative style format.** Describe your impactful experience(s) in a narrative format to help admissions committees understand your story, but be mindful of the 1,325 character limit.

CREDIT HOURS

Different Application Services

- AMCAS: Put in exactly as on Transcript
- TMDSAS: You Convert
- AACOMAS: You Convert
- AADSAS: You Convert
- VMCAS: You Convert

What is the Conversion

See back of your official transcript*
For Dartmouth, you will convert into
Semester Hours

- 1 Dartmouth “credit” converts to:
- Course only = 3.5 credit hours
 - Lab only = 3.5 credit hours
 - Course +Lab = 4.5 credit hours

Fyi: Quarter Hours conversion

Course only or lab only = 5 quarter hours

Course PLUS lab = 6.7 quarter hours

Entering Coursework as Dartmouth Applicant

- When inputting a courses that included a lab section:
 - To ensure that you receive your accurate credit hours, you must write “course+lab” after writing in the name of the course
 - When asked what course type in the next section, choose “course combined with lab”
 - Essential for insuring schools recognize that you have fulfilled pre-requisites
- Write in courses as they are on Transcript. If the title doesn’t fit, make a logical abbreviation.
- Under Special Course types:
 - Check Pass/Fail for Dartmouth NRO’s. (In AMCAS NR means a grade is pending.)
- AP Credit/Exemptions:
 - While Dartmouth doesn’t give graduation “credit” it does “credit” you as having met the equivalent of the course, as an EXEMPTION
 - You will write in the course #; for course description you will put in what it was at Dartmouth (for instance at Dartmouth it will say Advanced Placement—you will say what the course is at Dartmouth, ie: Calculus), a 0 for credit hours, and CR for grade-just as it is in your transcript.
 - Under Special Course Type you will choose EXEMPT.
- First Year Seminar and Writing 5
 - BOTH are included as ENGLISH, no matter what department they were in.
- Transfer Credits:

If you transferred credits to D from another institution, you will add them in the section for that other school and NOT in your course entries for Dartmouth.
- Classifying Courses:
 - YOU classify courses. AMCAS has limited classification options. Find your best match.

AMCAS® Application Course Classification Guide

The following guide provides examples of how courses are often categorized. Please select course classifications based on the primary content of the course.

In the case of interdisciplinary courses, where two or more subject matters are combined into one course, refer to the description of the course on your school's website or consult with your Pre-health Advisor to choose the most appropriate course classification.

What if AMCAS or other App disagrees, and “pauses” verification?

If a verifier disagrees with a designation you have made, they will “pause” your verification. They will communicate this to you and let you know why. You have two weeks to “petition” for a change to their decision. The two main ways this might show up (though it’s rare) are:

- If they mistakenly disagree that your FYS or Writing 5 are approved as English designations, use the statement in our FAQ’s to describe the intent of FYS and W5 at Dartmouth. No worries.
- If you designated a Neuro or Engs course, for example, as Biology, and they disagree, send them the course description and/or syllabus.

Be in touch with HPP if there are communication complications.

PS: You are not “in trouble” if they pause you/disagree with your designation.

Personal Comments Essay

Some questions you may want to consider while drafting this essay are:

- Why have you selected the field of medicine?
- What motivates you to learn more about medicine?
- What do you want medical schools to know about you that hasn't been disclosed in another section of the application?

In addition, you may wish to include information such as:

- Special hardships, challenges or obstacles that may have influenced your educational pursuits
- Commentary on significant fluctuations in your academic record which are not explained elsewhere in your application

Letters of Evaluation

Add Letter of Evaluation/Recommendation

Many medical schools determine whether or not an applicant has met their letter of evaluation/recommendation requirements by the type of letters they receive in support of an application. For example, a medical school may require a committee letter OR three individual letters in support of your application. Please review the AMCAS Applicant Guide for more information about Letters of Evaluation.

Please identify the type of letter you wish to enter. If you are uncertain as to the type of letters provided by your school/institution, please ask your pre-health advisor or career center prior to answering this question.

- Committee Letter: A committee is a letter authored by a committee of your institution's evaluation of you. A committee letter may or may not include additional letters and is called a composite letter.
- Letter Packet: A packet or set of letters assembled and distributed by your institution, often by the institution's career center.
- Individual Letter: An individual letter refers only to a letter authored by, and representing, a single letter writer. **If you have already included an individual letter within either a committee letter or letter packet, you do not need to add a separate entry for the individual letter.**

Select a meaningful Letter Title, as you may need this title later to identify a letter. For example, if this letter were from the University Of X, with a primary contact of John Doe, and you intend to have this letter sent only to MD/PhD programs, you might create a title of "UX_Doe_MD_PhD".

Certification Statements

1 In order to complete and submit your application, you must certify the following statements by checking each box and clicking the Agree button.

- I certify that the information in this application and associated materials is current, complete, and accurate to the best of my knowledge. *
- I certify that all written passages, such as the personal statement, essays required from M.D.-Ph.D. applicants and descriptions of work/activities, are my own and have not been written, in part or whole, by a third party. Quotations are permitted if the source is cited. *
- I have read, understand, and agree to comply with the AMCAS Applicant Guide, including the provisions noting that I am responsible for monitoring and ensuring the progress of my application process, by checking the Main Menu of my application. *
- I understand that I am responsible for reviewing my application after AMCAS processing is complete. I am responsible for notifying AMCAS of any discrepancies resulting from the verification process by using the Academic Change Request process located in the Quick Links section of the Main Menu. *
- I have read, understand, and agree to comply with the Application and Acceptance Protocols for Applicants, which set forth guidelines for ethical conduct during the application process, and define important application cycle dates. *
- AAMC investigates and may report to legitimately interested parties discrepancies in information, attempts to subvert the admission process, and any other irregular matter that occurs in connection with application activities. I understand and agree that the sole and exclusive remedy available to me to appeal or otherwise challenge the AAMC's decision to send an investigation report to legitimately interested parties shall be confidential, binding arbitration through written submissions only to the Washington, D.C. office of the American Arbitration Association under the expedited procedures for commercial matters. I understand that my failure to request in writing arbitration within 30 calendar days of receipt of an investigation report that has been approved by the AAMC for transmittal to interested parties will constitute an absolute bar and waiver of this exclusive remedy. I further understand that the sole issue for arbitration shall be whether the AAMC acted reasonably and in good faith in making its decision. *
- I understand that I am responsible for learning the admissions requirements, application policies, and due dates for each school to which I am applying, and that I am not eligible for a refund of AMCAS fees if I do not meet the admissions requirements of the medical schools to which I apply. *
- I understand that I am required to inform the Admissions Office of each medical school to which I apply if I am convicted of, or plead guilty or no contest to, a misdemeanor or felony crime after the date of my original application submission and prior to medical school matriculation. I understand that this communication must be in writing and must occur within ten (10) business days of the occurrence of the conviction. *
- I understand that I am required to inform the Admissions Office of each medical school to which I apply if I become the subject of an institutional action after the date of my original application submission and prior to medical school matriculation. I understand that this communication must be in writing and must occur within ten (10) business days of the occurrence of the institutional action. *

Last step of application: certify data is accurate, submit, and pay processing fee.

Application and Acceptance Protocols for Applicants

SHARE: f t in e

Recommendations to help ensure that all MD and MD-PhD applicants receive timely notification about the outcome of their AMCAS® application. These guidelines are not intended to supersede the policies, timelines, or discretion of individual schools or programs. Each applicant is expected to become familiar with the procedures and requirements of each school to which they apply.

The following steps are recommended to help ensure that all MD and MD-PhD applicants receive timely notification about the outcome of their applications, and to protect schools and programs from having unfilled positions in their entering classes. These protocols are often referred to as “Traffic Rules” by admissions officers and prehealth advisors. Prospective applicants, their advisors, and admission staff at medical schools and programs should all be aware of these Application and Acceptance Protocols for applicants. An applicant’s actions during the admissions process should be conducted in the spirit of professionalism and ethics expected of a future physician.

AMCAS Letter Writer Application Tips

- Have the applicant's AAMC and letter IDs.
- The letter must be a PDF file smaller than 5MB.
- Use only letters and numbers in the file name.
- Individual medical schools may require your letters to be on official letterhead and include the author's signature.
- Once you upload a letter no deletions or modifications can be made. Future letters you upload with this letter ID will be pre-pended to letters previously uploaded.

Letter Writer Guidelines

Guidelines for Writing a Letter of Evaluation for a Medical School Applicant

Thank you for agreeing to write a letter of evaluation for a medical school applicant!

The guidelines are intended to enhance the letter-writing process by providing a general framework of best practices and relevant content for letter writers to follow. They are optional and can be applied to both individual and committee letters.

Guidelines

1. Provide an accurate assessment of the applicant's suitability for medical school rather than advocate for the applicant.
2. Briefly explain your relationship with the applicant:
 - How long have you known the applicant?
 - In what capacity have you interacted (e.g., faculty, premedical advisor, supervisor)?
 - Are your observations of the applicant direct or indirect?
3. Quality of information is more important than letter length. Focus on the applicant rather than details of the lab, course, assignment, job, or institution.
4. Only include information on grades, GPA, or MCAT scores *if* you also provide context to help interpret them. Grades, GPA, and MCAT scores are available within the application.

Letter Writer Guidelines

Core, Entry-Level Competencies
Describe how the applicant has, or has not, demonstrated any of the following competencies that are necessary for success in medical school.

Thinking and Reasoning Competencies

Critical Thinking: Uses logic and reasoning to identify the strengths and weaknesses of alternative solutions, conclusions, or approaches to problems.

Quantitative Reasoning: Applies quantitative reasoning and appropriate mathematics to describe or explain phenomena in the natural world.

Scientific Inquiry: Applies knowledge of the scientific process to integrate and synthesize information, solve problems, and formulate research questions and hypotheses.
